Introduction

Ali Shabeiri	7
--------------------	---

Part I: Artificial Intelligence and the Algorithm

1. The Latent Objective World

Photography and the Real after Generative AI Amanda Wasielewski	27
--	----

2. Photography as Speculative Fiction

David Bate	47
------------------	----

3. Larval Memories

Spectralizing the Past through AI Photography Ali Shabeiri	63
---	----

Part II:

In-Game Photography and Virtual Adventurism

4. From In-Game Photography to Playable Imaging

Marco De Mutis	83
----------------------	----

5. Becoming Camera in Virtual Photography

A Player-Game-Camera Triangularity Natasha Chuk	103
--	-----

6. In-Game Photography	
A Remediation of the Picturesque	
<i>Martin Charvát</i>	119
7. Dare Me Not	
Photography as Adventure in Virtual Space	
<i>Paula Gortázar</i>	135
 Part III:	
Extended and Limited Realities	
8. On the History and Aesthetics of Photorealistic Computer Graphics	
<i>Jens Schröter</i>	153
9. The Vision Machine and Computer Simulation	
Exploring New Horizons in Virtual Photography	
<i>Francesco Giarrusso</i>	171
10. Volcanic Deductions	
Photography as a Purveyor of Visual Analogy, Geological Hypotheses, and Knowledge	
<i>Kris Belden-Adams</i>	191
11. Virtual Photography as a Visual Method of Communicating Scientific Hypotheses about Architecture	
<i>Dominik Lengyel and Catherine Toulouse</i>	203
12. Just-Beyond-Human-Vision Photography	
<i>Helen Westgeest</i>	221
