Introduction

Ilona Horwath, Swetlana Schweizer, Thomas Tröster 7

Lightweight Design: Background and Challenges

Swetlana Schweizer, Thomas Tröster 43

Case Study Profiles

Ilona Horwath, Swetlana Schweizer 51

Case Study I: Transmission Electron Microscopy and Transdisciplinary Research

Julius Bürger, Jörg K.N. Lindner 61

Case Study II: Application of Transdisciplinarity in the Context of Sustainable Product Development

Alexander Henkes, Alexander Klingebiel, Lakshmi Anusha Innem, Maximilian Richters, Najmeh Filvan Torkaman, Philipp Hesse, Swetlana Schweizer, Thomas Borgert, Elmar Moritzer, Ilona Horwath, Iris Gräßler, Rolf Mahnken, Werner Homberg, Wolfgang Bremser 87

Case Study III: Challenges of lightweight design, vehicles, and rescuers

Emine Fulya Akbulut Irmak, Hendrik Hanses, Ilona Horwath, Thomas Tröster 171

Case Study IV: Individualized Medical Technology using Additive Manufacturing

Dennis Menge, Dennis Milaega, Kay-Peter Hoyer, Hans-Joachim Schmid, Mirko Schaper 199

Conclusion

Ilona Horwath, Swetlana Schweizer, Thomas Tröster 239
