X-Texts on Culture and Society

X-Texts on Culture and Society

The supposed “end of history” long ago revealed itself to be much more an end to certainties. More than ever, we are not only faced with the question of “Generation X”. Beyond this kind of popular figures, academia is also challenged to make a contribution to a sophisticated analysis of the time. The series X-TEXTS takes on this task, and provides a forum for thinking with and against time. The essays gathered together here decipher our present moment, resisting simplifying formulas and oracles. They combine sensitive observations with incisive analysis, presenting both in a conveniently, readable form.
