Address: 1, rue Victor Cousin, 75006 Paris

Email: vardabassovalentina@hotmail.com

Studies on the European Union

The book extends the research that acknowledges differentiated integration to form reality. An analysis of the implementation of the British, Irish and Danish opt-outs in the AFSJ generates insights on the struc-

tural patterns of integration. To this end an analytical frame has been developed that fuses historical institutionalism and an extended version of differentiated integration theory.
