*"When I was small you took me by the hand
Father you should know I finally understand
You taught me wrong from right
And how to live you gave the greatest gift
That one could give
You never let me down you made me strong
When I made mistakes when I was wrong
Some days we'd laugh
And some days we'd fight
Somehow you knew one day
I'd say you were right
You're with me in every word I say
In every hour of every single day
In all I do I'm just a part of you
You lived your life for us
That was your plan
Those hands that never take
They worked the land, hands that never take
Can only give and because of you
I know how to live
You're with me in every word I say
In every hour of every single day
In all I do I'm just a part of you
Father just one thing you always knew
Every word you said to me was true"*

"Father" – Song by Manowar

Josef's Vanity Card #2:
To Gunnar, the luminary who transcends the realm of stars,
A visionary whose wisdom illuminates the cosmic void,
We offer this humble tribute, a beacon of gratitude,
For you have guided us through the labyrinth of thought,
And led us to the outer reaches of our own potential.
In the celestial tapestry of mentors and guides,
Yours is a constellation that shines with unmatched brilliance,
A supernova of inspiration, forever etched in our hearts,
Through the boundless expanse of the universe, you've charted our course,
A celestial navigator, beckoning us to soar beyond the known.
The mentor who dared us to dream of galaxies unexplored,
Whose sagacity unlocked the secrets of the cosmos,
You've woven the fabric of our dreams with stardust,
Encouraging us to reach beyond the limitations of the skies,
To embrace the infinite, and dance among the celestial spheres.
In these pages, your essence resonates, your wisdom prevails,
For every word is but a reflection of the radiance you've shared,
A cosmic journey, inspired by the mentor who transcends time and space,
May the echoes of your legacy reverberate through eternity,
A testament to the indelible impact of a visionary out of this world.
