5. From working-class cultivation to non-commercialized social interactions
The evolving social role of modernist public spaces in an Indian industrial city
Irina Redkina..... 99

6. The elementary forms of future-making
Sacrality and contingency at Hamburg's building exhibition
Louis Volont.....127

7. Urban air mobility as a new level for transport?	
Technological innovation as a contingent process in urban mobility future-making	
<i>Carsten Gertz and Katharina Manderscheid</i>	149

Negotiating Objects and Creating Matter

8. Contingencies in rooftop extensions on multifamily buildings from the 1950s and 1960s in Hamburg	
<i>Kathrin Meyer</i>	175
9. Green vs. concrete	
The future of low-income mass housing amid climate-change uncertainties in India	
<i>Aboli Mangire</i>	199
10. Exploring the contingency of small-scale urban transformation through interstitial practices at the site of a former war bunker	
<i>Clara Da Ros</i>	223
11. Future-making in a mode of standby	
Everyday planning and the precarious futures of the Hochhausscheiben in Halle-Neustadt	
<i>Hendrikje Alpermann</i>	247
12. Producing (urban) contingencies	
Infrastructural interrelations in Hamburg	
<i>Lena Enne</i>	271

Shaping Decision-Making and Advancing Policies

13. Expecting the unexpected	
Decision-centred models of planning in disruptive times	
<i>Oliver Ibert</i>	299

14. Safe anchorage or all at sea?
Comparing climate adaptation laws, plans, and policies for deeply uncertain
port city futures
Alexander Stanley 321

15. Contingent unsustainable urban futures in São Paulo’s peripheries
Ana Paula Koury and Alessio Mazzaro..... 349

16. Of contingent waters and fragile futures
Thinking Berlin’s looming water crisis through the temporalities
of the hinterland
Gala Nettelblatt 373
