I want to express my deepest thanks to everyone—individuals and groups—who trusted me to accompany them in their struggles. Many incredible people let me hear their stories and explore lived realities throughout and beyond this academic and personal endeavor. I give them credit for what I present with this book because it emerges from their knowledges!

I want to thank my supervisor Prof. Dr. Sybille Münch who gave me great guidance and space whenever needed and my reviewers Prof. Dr. Thomas Saretzki and Prof. Dr. Elisabeth Tuider for their valuable comments throughout the process. Thanks also to Prof. Hendrik Wagenaar for his support in developing analytical narratives.

Finally, great thanks of course go to my family, friends and colleagues, who were there through the ups and downs of this journey—to all those who supported me and those who read and gave feedback on bits and pieces of what was to become this book! Thanks to Hannes and Christa, Joshi, Simon, Ati, Andrea, Didi, Zora, Sascia, Lena, Livia, Carolina, Sunjin, Dona and many more!
