We are grateful to Jakob Horstmann (transcript, London Office) for providing the opportunity to publish this collection of essays in the series “Image” and to the transcript team for their continual support and patience.

We further owe our gratitude to Joseph Mainberger (Europa-Universität Viadrina), for his close reading of all contributions and in particular, re-phrasing of English expressions in the chapters.

This book would not have been possible without generous funding from Brandenburg Fund for Open Access Publications (Potsdam), the Centre Marc Bloch (Berlin) and the Chair of European Economic and Social History (Europa-Universität Viadrina).
