Table of Content

List of Abbreviations	9
Acknowledgements	11
Introduction	13
Part I: The European Postal and Telecommunications Union – An Axis Initiative for the “New Postal Europe” (1940-1942)	45
Chapter I: Technocratic traditions and the new political regime	46
International infrastructure cooperation and technocratism	47
The New Europe’ propaganda	51
From propaganda to concrete projects: conflict or cooperation?	56
Chapter II: German-Italian preparations: A cooperation with conflicts (1940-1942)	61
The German actors: between life-long public servants to fast climbers in the profession	64
Setting the agenda to create a European postal union within the Reichspostministerium (1940-1941)	74
Presenting the project to the world outside the Reichspost	95
The European Postal and Telecommunications Union as an Axis project – From a working group for European telecommunications to a European postal union (1940-1941)	103
Chapter III: From bilateral to multilateral – making the initiative ‘European’ (1941-1942)	119
Bilateral agreements as a tool of integrating the occupied and dependent countries into the EPTU	121
Opening the envisioned union to the rest of Europe: Successes and failures	136
Conclusion	142
Part II: The European Postal Congress (October 1942)	145
Chapter I: Hosting a European postal congress with Europe at war	151
A technocratic congress in buildings with war stories	152

Table of Content

The opening session and the discursive framework of the congress	155
The first general assembly and the organisational frame of the congress	160
Chapter II: Building a post, telegraphy and telecommunications organisation for the ‘New Europe’ and defining the standards of the ‘New Postal Europe’: Old wine in new bottles?	168
The organisation of the European Postal and Telecommunications Union between continuities and discontinuities with the Universal Postal Union	168
The ‘New Postal Europe’ as a ‘German Postal Europe’?	175
The closing session and the return of political rhetoric	181
Chapter III: Promoting post, telegraphy and telecommunications cooperation beyond the Vienna congress	184
Informing the experts and the users of the new postal regime	184
The view on the European Postal and Telecommunications Union from the outside	187
Stamps as messengers of the European Postal and Telecommunications Union	189
Conclusion	202
Part III: End of the war, end of the European postal area? (1943-1959)	205
Chapter I: Continuing the European Postal and Telecommunications Union’s work under changing conditions	207
Implementing the European Postal and Telecommunications Union’s agreement	208
Continuing the standardisation efforts within the European Postal and Telecommunications Union	213
Keeping the union together and enlarging it	225
Chapter II: From the Second World War to the Cold War: The end of the EPTU and the creation of two European postal unions	233
A last failed attempt to keep the European Postal and Telecommunications Union going – the congress planned for 1944	234
New regimes in Europe, new initiatives for restricted postal unions	239

Chapter III: European post, telegraphy and telecommunications cooperation in the post-war Europe: New times – new standards?	243
Continuities in technocratic questions, discontinuities in political aspects	244
Stamps – still (not) the messenger of cooperation	252
Actors in the post-war postal Europe and their connection to the European Postal and Telecommunications Union	262
Conclusion	270
General Conclusion	273
Appendix	283
Bibliography	301
Sources	313
