As always in life, nothing is achieved without the help of others. Therefore I would like to express my gratitude to all of those people who in various ways contributed to the realization of this project.

My sincere thanks goes to Serge Bramly & Bettina Rheims, Peter Ginter, Maria Hahnenkamp, Anselm Kiefer, Paul Kwiatkowski, Lev Manovich, Adi Nes, Igor Samolet, Andres Serrano, Jules Spinatsch, Thomas Struth, and, furthermore, to *Haus der Barmherzigkeit*, *CS Hospiz Remweg* and *profil* for their generous permission to print the images included in this book free of charge.

I would also like to thank *Webster Vienna Private University* for the financial support I received to attend the various conferences where most of the papers of this publication were first presented.

Vera Hollander was a much appreciated partner in the last stage of preparing this publication for print. Her careful editing and linguistic supervision were invaluable to me.

And finally, “vielen Dank” to Seth Weiner for his artistic advice and for helping to enable the project’s appearance in book form.
