Participant:
Was ich total interessant finde, weil eigentlich sind ja alle Ausschnitte, die wir gesehn haben, ham 'nen nostalgischen Hintergrund. […] Also *Knight Rider* war ja wirklich original. Und da ham wir ja nostalgische Empfindungen, und zum Beispiel *Mad Men* ist ja neu, is ja aber [in] 'ne andere Zeit versetzt. Is ja aber auch nostalgisch. Aber nur, halt wieder anders…

[What I find totally interesting, well, is that all the excerpts we saw have a nostalgic background. Well, *Knight Rider* was really original. And there we have nostalgic feelings. And, for example, *Mad Men* is new but set in another time. And it's also nostalgic. But again in a different way ….]

Interviewer:
Und würdest du sagen, du bist nostalgisch?
[And would you say that you are nostalgic?]

Participant:
Ja. auf jeden Fall.
[Yes. For sure.]
