Acknowledgments

The editors of and contributors to this volume would like to thank all those who have supported us, intellectually, financially and through their personal commitment. We greatly benefited from the generous support of the German Federal Ministry of Higher Education and Scientific Research (BMBF), and AGYA not only contributed to the printing costs of this volume, but also financed a writing workshop in Oberaudorf in Upper Bavaria in June 2015. During this workshop, Dr. Anne-Françoise Weber, a scholar, trainer and journalist previously based in Cairo, facilitated the dialogue among our members. In January 2017, we discussed our work at the Salon Sophie Charlotte organized by the Berlin Brandenburg Academy at an event hosted by AGYA's principal investigator Prof. Dr. Verena Lepper. The AGYA office, run by Dr. Sabine Dorpmüller and her team, in particular Karin Kutter and Eva Schmidt, helped prepare a selection of the articles in this volume as AGYA working papers for online publication. Jutta Brennauer, Sonja Lindhauer and Marta Misiulaityte from the Freie Universität Berlin have generously provided their support by formatting this manuscript.
