

# SEEDS FOR DEMOCRATIC FUTURES

Edited by Frederic Hanusch  
and Anna Katsman

THE NEW | Volume 2

THE NEW publishes collaborative research in the humanities and social sciences. Its publications offer future-oriented responses to the nested crises of the present along the dimensions of what it means to be human, how to improve democratic self-governance, and how to achieve socio-economic transformation. Our goal is to make humanistic research relevant and accessible to wider audiences.
